

Introduction to Computers with Dennis Damsell

ddamsell@rogers.com

Wednesdays, 10:00-noon in Computer Access Room, 4th Floor, Peoples Park Tower

8 weeks starting on April 21, 2010

Maximum 6

Storm Policy: No classes when schools are closed in Moncton

An introductory computer course for seniors, with focus on windows, email, the World Wide Web, Word, and security overview. Set in a computer lab. Students are not expected to already own a computer.

Each week has a different subject area:

- 1- Get comfortable with computers
- 2- Log onto internet
- 3- Send and receive email
- 4- Revolutionize the way to keep in touch
- 5- Introducing Sound Files
- 6- Word power
- 7- Acquiring a computer to meet your needs

Individual tutorials (search engines, online banking, etc.)

Students are to bring a notebook and pen to each class.

Some people are very sensitive to perfumes and other scents. Please respect a scent free environment by not using scented products. Thank you.

A note to seniors about class attendance and absenteeism....

As you know, our instructors are all volunteers, who work very hard at putting courses together. Your cooperation is appreciated in letting them know if you are unable to attend any of the classes as most instructors plan weekly classes that are appropriate to the number of registered students in the course.

If circumstances change between registration and the first class, or if you decide to withdraw after the first or second class, please email tsccordinator@nbnet.nb.ca or call 364-2780. Many courses have a wait list and this could allow someone else to take your place.

Sometimes, seniors have travel plans or medical appointments made in advance. It would help instructors to know this at registration, if possible, so that class material may be adjusted accordingly. Illness, as well as other unanticipated and unavoidable conflicts can occur. If you are able, please let your instructor know as soon as possible if you will miss a class.

Thank you!
