RAG QUILTING COURSE

Rag quilting is a unique type of quilting that allows the quilter to create a beautiful piece that can be completed without actual quilting. The materials are assembled and sewn together completely on the sewing machine and then washed and dried. When finished, the quilt has seams showing on one side that are fuzzy from the drier and the opposite side is smooth allowing for a cozy and wonderfully warm lap or throw-sized quilt.

MATERIALS NEEDED

5-6 meters of material (brushed cotton, homespun, denim or flannel)

2 meters 100% cotton batting

Pins

Thread

Cutting board and rotary cutter

Sharp scissors for clipping

The course will run approximately 4 weeks depending on how much time participants want to work on their project in class.

I will be displaying a variety of rag quilts on registration day and will provide information on where to get the best selection of materials.

A note to seniors about class attendance and absenteeism....

As you know, our instructors are all volunteers, who work very hard at putting courses together. Your cooperation is appreciated in letting them know if you are unable to attend any of the classes as most instructors plan weekly classes that are appropriate to the number of registered students in the course.

If circumstances change between registration and the first class, or if you decide to withdraw after the first or second class, please email tsccordinator@nbnet.nb.ca or call 364-2780. Many courses have a wait list and this could allow someone else to take your place. Sometimes, seniors have travel plans or medical appointments made in advance. It would help instructors to know this at registration, if possible, so that class material may be adjusted accordingly. Illness, as well as other unanticipated and unavoidable conflicts can occur. If you are able, please let your instructor know as soon as possible if you will miss a class.

Thank you!
