Course Outline

You will learn that Feng Shui is about *Energy* and Intentions.

Energy:

- How your living or working space affects you.
- How to improve your health, finances, and relationships.
- How to read your floor plan and understand how it affects you.

Intentions:

- How to keep track of any changes you intend to make.
- How to have more of what you really want in life.
- Understand that clutter of various kinds needs your attention.

Feng Shui is not a verb, a magic wand, flower arranging, home decor, a religion, an item on a Chinese menu, a dance move, nor a new concept in storage solutions.

Instructor Bio: I've always been an observer and realized that your space affects your energy. The more clutter less energy; less clutter more energy and better balance in life. Years later I discovered there was a name for this: Feng Shui. It is quite simple.

I am now a qualified Feng Shui Practitioner, a graduate of Mount Royal University, Calgary, 2008. I specialize in the observational and intuitive methods of western-style BTB Feng Shui. Now in Riverview, I run Feng Shui Simple helping people improve the energy and balance in their lives.

Some people are very sensitive to perfumes and other scents. Please respect a scent free environment by not using scented products. Thank you.

A note to seniors about class attendance and absenteeism...

As you know, our instructors are all volunteers, who work very hard at putting courses together. Your cooperation is appreciated in letting them know if you are unable to attend any of the classes as most instructors plan weekly classes that are appropriate to the number of registered students in the course.

If circumstances change between registration and the first class, or if you decide to withdraw after the first or second class, please email tsccordinator@nbnet.nb.ca or call 364-2780. Many courses have a wait list and this could allow someone else to take your place. Sometimes, seniors have travel plans or medical appointments made in advance. It would help instructors to know this at registration, if possible, so that class material may be adjusted accordingly. Illness, as well as other unanticipated and unavoidable conflicts can occur. If you are able, please let your instructor know as soon as possible if you will miss a class.

Thank you!
