5 weeks starting on October 12, 2011

Maximum 15

Storm Policy: No classes when schools are closed in Sackville

Course outline

A modern home is a consumer of energy in different forms. This course is aimed at providing a brief, simple and comprehensible overview of energy usage in the home.

We will look at the terms involved, functioning of various appliances in common use in the home, and issues involving efficient usage of energy and its conservation.

To promote an active learning atmosphere participants shall be encouraged to contribute from their experiences and join in discussions that ensue from presentations. It is also hoped to have some invited guests provide some additional expertise.

Instructor Bio:

Prof. Emeritus, Mt. Allison University. Prof in Engineering and Physics Departments. Offered courses in Physics of Energy Production and Transfer, Thermodynamics and Fluid Mechanics.

Some people are very sensitive to perfumes and other scents. Please respect a scent free environment by not using scented products. Thank you.

A note to seniors about class attendance and absenteeism....

As you know, our instructors are all volunteers, who work very hard at putting courses together. Your cooperation is appreciated in letting them know if you are unable to attend any of the classes as most instructors plan weekly classes that are appropriate to the number of registered students in the course.

If circumstances change between registration and the first class, or if you decide to withdraw after the first or second class, please email tsccordinator@nbnet.nb.ca or call 364-2780. Many courses have a wait list and this could allow someone else to take your place. Sometimes, seniors have travel plans or medical appointments made in advance. It would help instructors to know this at registration, if possible, so that class material may be adjusted accordingly. Illness, as well as other unanticipated and unavoidable conflicts can occur. If you are able, please let your instructor know as soon as possible if you will miss a class.

Thank you!
