Our New Coordinator

It was with regret that the Board accepted the resignation of Heather Patterson as TSC Coordinator. Heather has filled the position for the last two years and during that time has worked diligently to fulfill the administrative responsibilities of her position. Heather has and will continue to be a generous volunteer and strong supporter of the Seniors' College. She has agreed to serve on the TSC Board as one of the directors.

Patty Chasse' from Wood Point, NB is our new coordinator. Patty has been a member of the TSC for some time and has taught classes for the College.

Patty was an IT professional for many years, advancing from her start as a computer programmer to management positions including that of Director of Technology Management for a full-service IT outsourcer with clients around the

world.

Some of you may be familiar with Patty through her art work. She is an accomplished weaver who creates her own designs producing beautiful work. She has taught weaving classes and intermediate and advanced knitting classes.

We welcome Patty and look forward to working with her.
