Thursday, Jan 14, 2016
Noon-1:30
Shediac Multipurpose Centre

Holiday greetings from the Board of the Tantrammar Seniors' College!

The extensive lineup of varied and interesting courses for the Winter, 2016 term laid out elsewhere in this newsletter confirms that the regional committees of the TSC have been hard at work preparing for the New Year. Their energy, perseverance, and attention to detail never fail to amaze me.

The number of members, registrations, and courses taken per member have all risen since last year at this time. The latter change has been particularly dramatic. This might be tied to a trend towards more short courses being included among our offerings. The steady if modest increases in the scale of our operations have introduced new complexities, with which we have been contending quite well. The Board, the regional groups, and various other Board committees have been focusing on improving our day-to-day operations, communicating with members and the general public more effectively, streamlining registration, and continuing the strategic planning process, as outlined at our Annual General Meeting. We are also developing a transition plan and preparing to advertise for a new co-ordinator, as we approach the time when the invaluable Heather Patterson retires from the position.

The Board and the regional committees are always interested in suggestions and advice from our members, and will seek to answer any questions that you might have about the Tantrammar Seniors' College. Please feel free to direct any such messages or queries to me, to Heather Patterson, or to the chairs of the Amherst, Codiatic, Greater Shediac, and Sackville regional committees.

Welcome to all new and returning members. I look forward to seeing you all at registration. Please bring a friend who has not yet been introduced to the wonders of the Tantrammar Seniors' College!

Berkeley Fleming, President

Course	Instructor	Location	Day	Time	Start	Ses
