In 2002, Anointment was born on principles of natural living and environmental responsibility, with products rooted in herbal knowledge, and backed by science. Based in the small town of Sackville, Anointment products are available at retailers across Canada, in some US stores, and online.

All Anointment products are made with certified organic and whole botanical ingredients that are good for people and the planet. Product formulations are intentional and transparent, and each ingredient plays a key functional role. In sourcing, Anointment also pays attention to the environmental sustainability of raw ingredient production.

Participants will tour the Anointment skin care facility and will learn about how many of their unique products are made. There will be an opportunity to view and participate in natural soap making.

Remember to Check Your E-Mail Before Each New Course Begins and During the Course. You will receive an e-mail if:

- a) the course is cancelled or delayed unexpectedly or if there is a change in the time or venue of the course; b) during the course if the instructor gives notice that he/she is ill or unavailable for one of the sessions. The course liaison will attempt to contact those without e-mail by phone, so please make sure TSC has your correct phone number and e-mail.

Attendance/Absenteeism. TSC instructors are volunteers who work very hard to prepare courses. Your cooperation is appreciated in letting them know if you are unable to attend as most instructors plan for the number of students who registered in the course. If circumstances change between registration and the first class, or if you decide to withdraw from the class, please e-mail the TSC coordinator at tsccoordinator@gmail.com or call 506-364-2780. Many courses have a wait list and someone else may be able to take your place. Once the class has started advise the instructor directly if you are unable to attend a session.
